### Report

A value-added course on computer training for beginners commenced on July 9th, 2018, at the college. The programme aimed to equip students with fundamental computer skills, enhancing their digital literacy. Over the course of three months, participants gained hands-on experience in operating systems, word processing, and internet navigation. The training sessions were interactive and comprehensive, fostering a supportive learning environment. By the conclusion of the course, students demonstrated significant improvement in their computer proficiency, empowering them to effectively utilize technology in their academic and personal pursuits. The course successfully bridged the digital divide for novice learners.

### List of Participants

Poulomi Sarkar	Ankita Adak	Moumita Dutta

### Report

A certificate training course on "Understanding QGIS" was conducted by the Department of Geography in collaboration with Opsis System Private Limited from September 11th to November 27th, 2018. This hands-on training program aimed to equip aspiring geographers with skills in utilizing QGIS, a powerful geospatial tool. Over 11 weeks, participants engaged in interactive sessions, learning data visualization, mapping, and spatial analysis techniques. The course culminated in a certificate award ceremony, recognizing participants' proficiency in QGIS. The training enhanced the geospatial capabilities of students, preparing them for careers in geography, urban planning, and related fields.

### Report

"Advanced Level Computer Training" value-added course was organized by the college from July 16th, 2019. This comprehensive program aimed to enhance students' computer skills, focusing on advanced topics. Participants gained hands-on experience, improving their digital literacy and employability. The course featured expert instructors and interactive sessions, fostering a supportive learning environment. By the course's conclusion, students demonstrated significant proficiency in advanced computer applications, empowering them to excel in their academic and professional pursuits. The training successfully upskilled students, preparing them for the modern digital landscape.

### **Workshop on Satellite Imagery & Weather Instruments**

A workshop was arranged by the Department of Geography on 30/08/2019 at 2 P.M. in the college auditorium in which Dr. Arijit Majumder, Assistant Professor, Department of Geography of Jadavpur University was invited to deliver his lecture. The main beneficiaries were the students of all the years i.e. Semester I, Semester II and Third year Honours. The entire department, teaching and non-teaching members participated in the programme. Prof. Majumder gave a power point presentation on Satellite Imagery, its basic principles, how satellites work and many more. It was really captivating for the students as well as for the teachers. The he gave a hands-on demonstration on weather instruments. He gave demonstration on barometer, rain gauge, anemometer, dry-wet bulb hygrometer, max-min thermometer etc. The students interacted well with the speaker. The lecture was really a much awaited one and it was appreciated by all.

### Report

The Computer Training Centre of the college conducted a certificate course on "Various Methods and Tools of Online Learning" from February 1st to March 29th, 2021. This eight-week programme aimed to equip participants with skills in leveraging online platforms for effective learning. The course covered topics such as Learning Management Systems, online content creation, and digital pedagogy. Through interactive sessions and hands-on training, participants gained expertise in utilizing digital tools for teaching and learning. The course concluded with a certificate award ceremony, recognizing participants' proficiency in online learning methodologies, enhancing their capabilities in the digital education landscape.

## Report

The Computer Training Centre of the college organized a certificate course on "Advanced Excel for College Students" in collaboration with Right Brains Technology from February 11th, 2022. This comprehensive programme aimed to enhance students' spreadsheet skills, focusing on advanced Excel techniques. Participants learned data analysis, visualization, and manipulation methods, including pivot tables, macros, and VBA programming. Through hands-on training and interactive sessions, students gained expertise in utilizing Excel for academic and professional applications. The course concluded with a certificate award ceremony, recognizing students' proficiency in advanced Excel skills, empowering them to excel in data-driven environments and enhancing their employability prospects.

### Report

The Computer Training Centre of the college, in collaboration with Right Brains Technology, offered a Certificate Course on 'Web Design' from March 12th, 2022. This comprehensive programme covered essential web development skills, including Photoshop, basic HTML, Bootstrap, and JavaScript. Participants gained hands-on experience in designing and building visually appealing websites. Through interactive sessions and projects, students developed a solid foundation in web design principles and technologies. The course equipped students with industry-relevant skills, enhancing their career prospects in web development and design.

## Report

The Computer Training Centre of the college launched a Certificate Course on 'Graphic & Web Design' on May 5th, 2023. This comprehensive programme covered the fundamentals of visual design, graphic creation, and web development. Participants learned industry-standard tools like Adobe Creative Suite, HTML, and CSS. Through hands-on projects and interactive sessions, students developed skills in logo design, branding, and website creation. The course aimed to equip students with creative and technical expertise, enhancing their career prospects in the design industry.
